INSPECTIONS

Pre-Sale Inspections by appointment welcome.

Contact Richard Duddy
0408 471 603

Sale Day Inspections
Thursday March 12 2026
from 1pm
Undercover shelter is provided

DELIVERY AND AFTER SALE SERVICE

We will provide free delivery (up to 400kms) of all Stud Angus HBR females and Recipients Australia wide. We recommend and use Falls Livestock Transport, Lockie Falls 0429 826 342.

Delivery of all commercial PTIC Heifers is at the purchasers expense

Buyer Instruction sheets must be completed post sale for this to occur with transport instructions in writing.

Verbal instructions will not be accepted. Please complete the buyer's instruction sheet included in the catalogue.

Delivery of each animal will be at the buyer's risk after the fall of the hammer but will be cared for by the vendors for a reasonable amount of time.

Buyers must supply their PIC code for all NLIS's to be transferred.

Ownership transfer of females will be registered by the vendors with Angus Australia provided accurate transfer details are supplied with the Buyers Instruction Form. Any announcement will take precedence over printed material in this catalogue. Terms and conditions of sale are included in the catalogue.

IMPORTANT

The owner, employee, or other affiliated personnel cannot be held responsible for any accidents, but will make every effort to provide for the safety and comfort for those attending. No children shall enter any pens of cattle, this is part of our Occupational Health and Safety Policy.

GENERAL INFORMATION

AGENT REBATE

A 3% rebate for stud cattle will be paid to outside agents who introduce their buyers in writing 24 hours prior to the sale.

A 2% rebate for commercial PTIC Heifers will be paid to outside agents who introduce their buyers in writing 24 hours prior to the sale.

All introductions must be emailed directly to
Richard and Susie Duddy | killainangus@gmail.com
accounts settled within 7 days to be eligible.

Outside agents rebates do not apply to affiliates of the selling agents.

BIDDING & PURCHASING

Sale of animals and genetics will be conducted under normal auction conditions using the bid card system of identification. Buyers must register with the selling agents prior to sale commencement to obtain a bid card. All animals and genetic packages are sold exclusive of GST.

Online Bidding | AuctionsPlus | www.auctionsplus.com.au

DIRECTIONS & ACCOMMODATION

From Brisbane:

Tamworth has daily flights with Qantas to Sydney and Link Airways to Brisbane. Killain Angus is located 30 minutes from Tamworth Airport.

From Tamworth:

Located 20 Kilometres south from Tamworth, accommodation is accessible in Tamworth and surrounds.

WELCOME

Welcome to our Second Edition of the Killain Angus World Class Female and Genetics Sale.

We are very proud of the offering we have assembled, representing genetics at the cutting edge of our herd

We were thrilled with our very first sale last year, and thank everyone for their support. We hope to keep building every year with our clients as we build our brand through exposure, integrity and customer service. We see our clients as part of our extended family and love building relationships that stand the test of time, built on trust and belief.

We are again able to offer genetics from the famed female families of Blackcap May, Emblynnette, Madame Pride, and, for the first time this year, Abigale. The PTIC V Stud Heifers are not our bottoms, as they have already gone out the gate, and many have been interchanged over the last few months, so we would be very happy to keep any one of them in our herd here at Killain Angus, as they would slot right in.

The embryos again represent embryos made for us and female lines at the very top of our herd. Sires include all of the sire battery available here at Killain Angus, and there are some very cool joinings. The recipients offer an opportunity to purchase an embryo that is well on its way, with all the hard work already done. We know the purchasers of last year's recipients are super happy with their resulting progeny.

We have created a point of difference from most Australian Angus genetics on offer, not just to be different, but because we believe in the type of cattle we are breeding. We have put our money where our mouths are by purchasing 2,500 acres in King Island in March 2024 with a 1,000-head Angus female commercial herd. We sent down a battery of Killain Angus Stud bulls and have AI'd to Baldrige Badger, Killain Rainman P1, and Killain Prolific U62. All the calves on the ground at the end of 2025 are by these bulls, so it will be very exciting to follow the steer progeny through to

their 600kg kill weight. Genomics at calf weaning will allow us to track each individual and provide valuable carcass data that can be fed back into the Stud herd.

We are concentrating on the three F's of Females, Fertility, and Feet, without ever compromising on temperament, as they are essential in any operation, both seedstock and commercially. Fads come and go in breeding, but at the end of the day, nothing changes the fact that commercial cattlemen are paid for weight over the scales.

We are open for inspection from 1pm on sale day, but if you would like to inspect the herd beforehand, please reach out and arrange a time. We would love to show you around.

We look forward to welcoming you on sale day.

Richard, Susie, Ben and Thomas Duddy

King Island is arguably Australia's most reliable and productive cattle country, located off the coast of North West Tasmania. With a temperate climate that does not go below 5 degrees and rarely goes over 25 degrees. Frost free with a 50 inch (1250mm) average rainfall, with rain being spread evenly across the year.

KINGIsland

King Island provides a unique environment that allows us to monitor and manage our progeny throughout their entire production journey.

All bulls are bred at Killain Angus, Tamworth, before being transferred to our King Island properties for joining, ensuring continuity of management and consistent genetic oversight.

The country offers a high carrying capacity, running approximately one cow and one bullock per hectare. Across 2,500 acres, around 1,000 progeny are finished annually to an average liveweight of approximately 600kg.

Pastures consist entirely of natural grasses, primarily ryegrass and white clover, complemented by fescue and cocksfoot. Despite the high clover content, bloat is not an issue, attributed to the regular coastal salt deposition across the pastures.

Combined with some of the cleanest air in the world, these conditions provide an ideal environment for producing consistently high-quality beef.

Michael Glasser

TRIBUTE

Incredibly devastating news received in May 2025 with
the passing of *Michael Glasser*.

We were honoured to have Michael auction at our very
first Auction sale just over two months before his passing.

Professional, genuine, but above all else one hell of a
good bloke!

Several phone calls after this day one year ago, plans
were already being put in place for our sale today, but
sadly we will have had to forge ahead without you.

RIP Michael

***Thank you for being an advisor, confidant but
above all else a good friend!***

**Two groups of pureblood Killain Angus
genetics processed at Greenhams.**

**This represents incredible MSA indexes and
consistency.**

REFERENCE SIRES

REFERENCE SIRE

S A V Courage 3003

The popular Lot 1 \$150,000 USD of the 2024 SAV Sale emerging as a performance sire and iconic calving ease sire who is built for the ages. Impressive from every angle Courage transmits his exceptional docility, muscle, soundness, length and phenotypic power and was the most utilised Angus bull of his calf crop in the USA in 2024. Courage is ranked in the top 1% for disease resistance, efficiency and fertility on Promogen. His dam, S A V Madame Pride 4407 is a herd treasure and the dam of the \$250,000 USD S A V Bullion 4927 and the \$100,000 USD S A V Downpour 8794. We are eagerly awaiting the first progeny by S A V Courage 3003 this year and all reports from the USA we will not be disappointed.

REFERENCE SIRE

Baldrige Badger

The global sensation that has taken the industry by storm. Baldrige Badger, a true outcross lineage bull we have been looking for and used extensively around the world. Sired by the renowned Hoover No Doubt and a son of the breed icon and world class maternal matron dam Baldrige Isabel Y69 who is one of the top-ranking females in the Angus breed. Badger is thick, wide based and powerful with superior foot quality, extensive eye appeal and is simply packed with meat and muscle. Phenotypically there are no holes in him, and it would be hard to make a stronger specimen of a bull. Badger consistently stamps his progeny with incredible muscle shape, capacity, thickness and pure power, impeccable feet and docility. Net Worth style muscle with the right frame size with as good as feet quality as you will find. High growth, docility, solid milk, and good carcase make Badger the complete genetic package! His first progeny arrived at Killain Angus in 2024 and are simply exceptional!

REFERENCE SIRE

S A V Rise N Shine 2709

S A V Rise N Shine 2709 was the highest-selling bull in the 2023 SAV Sale selling for \$250,000 USD with the landmark flush selling for over \$1M USD. Also in the 2023 SAV Sale was Rise N Shine's full sister S A V Emblynette 2725 selling for \$375,000 USD. His dam S A V Emblynette 2369 is a breed icon and true cornerstone of the SAV herd with 51 daughters retained. Ranks amongst the top three income producing cows at SAV with \$4.3M USD in direct progeny sales to 25 states in America and Canada. The number one 205-day weight and marbling female of her calf crop and is the #1 carcass cow in the Angus breed with an astonishing progeny IMF ratio of 121 on 144 direct progeny scanned. As stated by Kelly Schaff when describing Rise N Shine, 'Seeing is believing, from front to back he demonstrates as much shape, muscle, power and presence as you can put in a phenotypically flawless package, along with authentic Angus breed character and perfect feet.' Exclusive Australian semen rights were purchased by Killain Angus in 2023 and the first calves arrived at Killain Angus in 2025.

We are excited to announce,
together with William McLaren of HW Netherton Angus Stud, Scotland,
the purchase of a semen interest in **Killain Worldwide V53.**

Killain Worldwide V53 is a Baldridge Badger son from the S A V Raindance 6848 daughter, Killain Blackcap May 7 Q3. Q3 is a magnificent female that has surfaced to the top of the Killain Angus donor program.

Her dam, Killain Blackcap May 3 N21 was the Junior Champion Heifer at the 2019 National Angus Youth Roundup and the Reserve Champion Senior Female at the 2019 Angus Feature Show at Adelaide Royal. N21 is a direct daughter of S A V Blackcap May 1804, who is a maternal sister to the legendary S A V Blackcap May 4136. Worldwide the Reserve Champion Junior Angus Bull at the 2025 Melbourne Royal Show at just 12 months of age, carries a double cross of the Angus breeds all time income producing cow, S A V Blackcap May 4136. Worldwide will be shown at the 2026 Sydney Royal Easter Show before being collected for export.

REFERENCE FEMALES

DONOR COW

S A V Blackcap May 1416

Front pasture donor S A V Blackcap May 1416 hails from the same flush as S A V Resource 1441 and S A V Renown 3439. She is also the dam of our new sire S A V Scale House 0845 who topped the 2021 SAV Sale selling for \$275,000 USD and the top selling bull S A V Dexter 3594 at the 2024 SAV Sale selling for \$220,000 USD. S A V Blackcap May 1416 is also a daughter of the world's highest grossing Angus female with over \$10.3M USD in progeny sales. S A V Blackcap May 1416 is described by Kelly Schaff as an 'industry icon' and has multiple herd sire sons to her name including the popular calving ease bull S A V Dexter 3594, S A V Scale House 0845, S A V Ease 040, S A V Enterprise 7028, S A V Constitution 8054, S A V Scale Force 2541, S A V Scale Smasher 0846, S A V Expertise 7028, S A V Big Game 2549, S A V Lineman 7075 and more. Prior to the 2026 SAV Sale SAV Blackcap May 1416 had amassed \$2.2M USD on 116 direct progeny sales that have sold to 13 states in America and in Canada. SAV Blackcap May 1416 has a S A V America 8018 daughter selling as Lot 5 (a full sister to the \$18,000 sale topper in 2025).

DONOR COW

Killain Emblynette 58 T50

Killain Emblynette 58 T50 has risen to the top both phenotypically and in production. This picture perfect S A V America 8018 daughter was the much admired Reserve Champion Senior Reserve Champion Angus Cow at the 2025 EKKK. Her dam, Killain Emblynette 2 K12 is our herd matriach, an imported embryo and full sister to the 2016 Sydney Royal Easter Show Junior and Grand Champions Angus Bull, Best Angus Exhibit and Hordern Trophy winner Killain Alaska K18. K12 has 16 daughters retained in the Killain Angus Stud herd. T50 has a daughter selling as Lot 10, a pregnant recipient by S A V Courage selling as Lot 12 and embryos by S A V Rise N Shine 2709 selling as Lot 16. This is truly a world class female!

DONOR COW

Killain Emblynette 2 K12

Killain Emblynette 2 K12 is our herd matriach. An imported embryo from the famed Schaff Angus Valley Angus Stud in North Dakota, K12 has 16 daughters in production here at Killain Angus. A full brother to the Hordern Trophy winner in 2016 Killain Alaska K18, K12 is a major donor cow that will breed to any sire she is joined to. K12 has a PTIC heifer for sale by the \$250,000 USD high selling bull of the 2020 SAV Sale and is the granddam of Killain Emblynette 68 T50. K12 has a S A V Bloodline 9578 daughter selling as Lot 8 and embryos by S A V Anthem 0042 as Lot 17. The photo in this catalogue was taken in November 2025 at 11 years of age and her udder has to be seen to be believed!

DONOR COW

Killain Emblynette 7 Q3

Stunning S A V Raindance 6848 daughter who carries a double cross to the all time Angus income producing cow, S A V Blackcap May 4136 with \$10.4M USD on 242 head in direct progeny sales. Her dam, Killain Blackcap May 3 N21 was the Intermediate Champion Heifer at the 2019 National Angus Roundup and the Reserve Champion Senior Angus Cow at the 2019 Adelaide Royal Angus Feature Show. N21 is a direct daughter of S A V Blackcap May 1804 who is a maternal sister to S A V Blackcap May 4136. Q3 has a pregnant recipient sired S A V Rise N Shine 2709 in the sale as Lot 13. In very exciting news, Q3's son Killain Worldwide V53 has semen sold to Scotland to William McLaren's HW Netherton Angus Stud after he saw him during his visit to the 2025 World Angus Forum.

S A V EMBLYNETTE 6001 #

An outstanding daughter of S A V Anthem 0042, the \$350,000 USD SAV Sale topper and her dam Killain Emblynnette 72 T72 is an excellent S A V Scale House 0845 daughter whose grandam is S A V Emblynnette 6001 who produced the #1 weaning and yearling bull in the 2011 SAV Auction from 450 bulls. A wonderful opportunity to secure one of the first S A V Courage 3003 progeny to be born in Australia, who was the most utilised Angus bull of his calf crop in the United States in 2024. This heifer has amazing capacity and heart room and this entire family have impeccable udder quality and teat placement.

This female has outstanding femininity with a flawless phenotype and represents a great opportunity to secure a Baldridge Badger daughter with all her breeding life in front of her. Badger needs no introduction in the Angus breed globally with several industry experts saying that he could be the best Angus bull in the world. Her dam, Killain Emblynette 31 Q14 is a fully imported embryo by S A V Sensation 5615 who was purchased by Herbster Angus Farms for \$650,000 USD in 2016. V51 carries a pregnancy to a son of Killain America 8018, Killain America V16. This heifer has Angus breed icons, Baldridge Isabel Y69 and S A V Blackcap May 4136 in her pedigree.

A daughter of the world record breaking top priced Angus Bull, S A V America 8018 at \$1.51M USD. The America daughters are magnificent females in production and are known for their maternal traits and exceptional udders. A daughter of the industry icon, S A V Blackcap May 1416 who has grossed \$2.2M USD on 116 direct progeny prior to the 2026 SAV Production Sale. V67 contains a double cross of the Angus breeds most influential genetic contributor and top income producing Angus female S A V Blackcap May 4136. Thie female is a full sister to last years \$18,000 sale topper, and carries a pregnancy to our resident and four time Royal Show winning sire, Killain Power Play S6 who is breeding the house down.

An outstanding Baldridge Badger daughter, with her dam a fully imported embryo sired by the world record priced bull S A V America 8018. Her maternal grandam, S A V Emblynette 7800, was selected to embryo by Killain Angus in 2023 as she was one of the very high performing and indexing females in the SAV herd. The dam of Killain Emblynette 112 V81, Killain Emblynette 56 S15 is a full sister to one our current Sydney Royal Show cows Killain Emblynette 60 S32. Joined to Killain Prolific U62 who is a fail safe, low-birth-weight, heifer bull we AI'd all our heifers to him in our commercial herd in King Island and naturally joined him in the Killain Angus Stud Female herd.

A daughter of the 2025 EKKA Reserve Champion Senior Angus Female, Killain Emblynette 68 T50. T50 is definately amongst the best females ever produced in the Killain Angus Stud herd, and is from the Killain Angus herd matriach Killain Emblynette 2 K12 who has 16 direct daughters in the Stud herd. This young daughter of T50, was the calf at foot at the 2025 EKKA and is by a S A V Scale House 0845 son, Killain Scale House T91. In her pedigree are Angus industry icon S A V Blackcap May 1416, S A V Madame Pride 0075 (dam of America) and Emblynette 5341 (dam of the 2016 Hordern Trophy Winner, Killain Alaska K18), and a maternal sister to the legendary S A V Blackcap May 4136, S A V Blackcap May 1804.

What a joining here by the globally renowned Baldrige Badger. Badger consistently stamps his progeny with incredible muscle shape, capacity, thickness and pure power along with impeccable feet and docility. Killain Emblynette 60 S32 is an impressive individual with the pedigree to match and will be a massive part of our show team for 2026. S32 is imported embryo by the world record selling Angus bull, S A V America 8018, who sold for \$1.51M USD out of S A V Emblynette 7800 out of the pathfinder dam S A V Emblynette 0491. This pedigree brings together some of the best genetics in the Angus breed especially when you add in Badger's dam the legendary Baldrige Isabel Y69!

Wow! Here is an opportunity not to be missed. This will be one of the first calves on the ground by S A V Courage 3003 from our outstanding young S A V America daughter, Killain Emblynette 68 T50. Courage is the Lot 1 bull and highest selling Musgrave 316 Colossal 137 son selling for \$150,000 USD at the 2024 SAV Sale. Courage was the most widely used Angus bull of his calf crop in the USA in 2024. Killain Emblynette 68 T50 is a phenotypical standout and was the much admired Reserve Champion Senior Angus female at the 2025 Brisbane Royal Show (EKKA) with Lot 9 as her calf at foot. We already have two sons of T50 in use in our commercial Angus herd in King Island. We cannot wait for this joining in our herd and here is the opportunity to acquire one of our best joinings for 2026!

This joining brings together two of the best SAV females, S A V Emblynette 2369 and S A V Blackcap May 4136. S A V Rise N Shine 2709 was not only himself the top priced bull of the 2023 SAV Sale, he was a part of the landmark flush selling for over \$1M USD. Rise N Shine's sister, S A V Emblynette 2725 topped the same sale selling for \$375,000 USD. Killain Blackcap May 7 Q3, is the dam of our outstanding young Junior bull, Killain Worldwide V53 by Baldrige Badger. Worldwide was the Reserve Junior Champion Angus Bull at the 2025 Melbourne Royal Show at just 12 months of age and his semen is being exported to Netherton Angus Stud in Scotland. Q3's sire is S A V Raindance 6848 and his dam is the Angus breeds top incoming producing cow, S A V Blackcap May 4136. Q3 maternal grandam is S A V Blackcap May 1804, who is a maternal sister to S A V Blackcap May 4136.

S A V Anthem 0042 daughter, Killain Emblynette 77 U11 crossed with Baldrige Badger presents a very exciting opportunity. U11's dam, Killain Emblynette 59 S31 is a current donor and has bred two amazing progeny by Badger resulting in her being flushed back to Badger in February 2025. U11's grandam Killain Emblynette Q9 is the dam of our resident sire Killain Prolific U62. Baldrige Badger needs no introduction as a proven outcross, with herd changing properties, structural integrity and superior soundness. This is a fail safe group of embryos.

KILLAIN EMBLYNETTE 2 K12^{PV}

S A V EMBLYNETTE 5341[#]

Killain Emblynette 68 T50 is amongst the best, if not the best, female ever produced at Killain Angus. Phenotypically perfect with an amazing udder she is the daughter of the \$1.51M USD highest selling Angus bull, S A V America 8018 from our herd matriach Killain Emblynette 2 K12, a full sister to Hordern Trophy winner, Killain Alaska K18. The sire of the embryos S A V Rise N Shine 2709 was the top priced bull at the 2023 SAV Sale and his dam S A V Emblynette 2369 is the #1 carcass cow in the Angus breed. Think of the possibilities with adding 2369, K12 and T50 into the one pedigree. A joining at the cutting edge of our genetics!

Killain Emblynette 2 K12 is our herd matriach and consistently breeds quality to whoever we join her to. K12 has 16 direct daughters in our Killain Angus herd and had this photo taken in November 2025 at 11 years of age. S A V Anthem 0042 has bred very well for us and is a son of the world record breaking S A V America 8018. Anthem's dam S A V Madame Pride 3145 is Kelly Schaff's choice if he had to start over with just one cow. Her dam S A V Madame Pride 1171 has been used in our embryo program and produced Killain Fort Worth M17, the Grand Champion Angus Bull at the 2017 Melbourne Royal Show. An incredible group of embryos here with them being three quarter siblings to our current EKKA Champion female and 2026 Sydney Royal Show Cow Killain Emblynette 68 T50.

Killain Emblynette 6 K26 is an imported embryo from Schaff Angus Valley from the great S A V Emblynette 8970. K26 half sister, Killain Emblynette 7 K27 was Champion Intermediate Heifer at the 2016 National Angus Roundup. K26 has already produced a heifer by Badger who is in the top end of our females. She has been a very consistent producer with several of her bull progeny averaging over \$12,000 to our clients. Baldrige Badger is unmatched in his ability to consistently stamp his progeny. We intend on infiltrating our King Island herd with Badger genetics.

The very first S A V Courage 3003 embryos ever offered for sale in Australia. Courage needs no introduction, he was the most utilised Angus sire of his calf crop in the United States in 2024 and sold for \$150,000 USD as the Lot 1 bull of the 2024 SAV Sale. We are very fortunate to own the Australian semen rights in Courage as he is emerging as an iconic calving-ease and performance sire who is built for the ages. His dam, S A V Madame Pride 4407 is a 12 year old elite Pathfinder dam, by S A V Resource 1441, and is a breed leader positioned amongst the greatest females to ever walk to Schaff Angus Valley pastures. Killain Blackcap 16 T43 has already averaged \$12,500 for three IVF sons and is a daughter of the elite S A V Blackcap May 6644, the dam of the 2022 SAV Sale topper S A V Panther 1906 selling for \$350,000 USD, and is a full sister to herd sires President, Rainfall, Raindance and Governor. This embryo package is an incredibly exciting group of embryos.

An opportunity to acquire embryos with a double cross of the worlds highest income producing Angus cow, S A V Blackcap May 4136. Killain Madame Pride 2 M3, has been a very consistent breeder in the Killain herd and she is a full genetic sister to Killain Madame Pride 3 M9, the dam of stud sire Killain Rainman P1. M3 has a beautiful S A V America daughter in this sale (Lot 19) showing potential purchasers the calibre of her breeding potential. Sired by the \$275,000 USD S A V Scale House 0845 adds the iconic Angus female, S A V Blackcap May 1416 to the pedigree. This joining puts together Angus female legends 1416, 5290, 0075 (dam of America), and a double cross of 4136!

Looking back on our 2025 catalogue we never said never but instead said quite possibly so this is an opportunity for the IVF breeders! We have had so much enquiry for Baldrige Badger semen that we are putting forward two packages of one (1) straw in the legend himself. Baldrige Badger has taken the Angus breed globally by storm. A son of the renowned Hoover No Doubt, from a daughter of the Angus breeds legendary female Baldrige Isabel Y69, is unmatched in his ability to stamp his progeny with incredible shape, muscle, capacity, thickness, and pure power, along with impeccable docility and foot quality. We AI'd cows to Badger in King Island and you can spot the Badger's a mile away. Badger has superior structural integrity, soundness and herd-changing properties. At the recent 2026 National Angus Youth Roundup, Killain Turning Point W11, by Baldrige Badger, was awarded Champion Angus Bull. Killain Angus are also very excited to announce that we have sold the semen rights in the Baldrige Badger son, Killain Worldwide V53, to Netherton Angus Stud, Scotland!

Iconic calving ease and performance sire built for the ages. Courage is the popular Lot 1 bull of the 2024 SAV Sale selling for \$150,000 USD and is an impressive specimen from every angle. The Musgrave 316 Colossal 317 son balances phenotype, performance, and maternal quality in a low-birth-weight package. Courage transmits his muscle, length, phenotypic power, and soundness to his progeny alongside exceptional docility. Courage ranked in the top 1% in Promogen's for fertility, efficiency, and disease resistance. His 12 year old dam SAV Madame Pride 4407, is a SAV Resource 1441 daughter, and the dam of the \$275,000 USD SAV Bullion 4927 the \$100,000 USD herd sire SAV Downpour 8794. Madame Pride 4407 is a current breed leader positioned amongst the greatest females to ever walk the Schaff Angus Valley pastures. We are eagerly awaiting our first Courage calves here at Killain Angus, and from all reports we will not be disappointed!

SAV Rise N Shine 2709 was the highest-selling bull in the 2023 SAV Sale selling for \$250,000 USD with the landmark flush selling for over \$1M USD. Also in the 2023 SAV Sale was Rise N Shine's full sister SAV Emblynette 2725 selling for \$375,000 USD. His dam SAV Emblynette 2369 is a breed icon and true cornerstone of the SAV herd with 51 daughters retained. Ranks amongst the top three income producing cows at SAV with \$4.5M USD on 146 direct progeny sales to 25 states in America and Canada. The number one 205-day weight and marbling female of her calf crop she currently ranks as the top carcass cow in the Angus breed with an astonishing progeny IMF ratio of 121 on 144 direct progeny scanned. As stated by Kelly Schaff when describing Rise N Shine, "Seeing is believing, from front to back he demonstrates as much shape, muscle, power and presence as you can put in a phenotypically flawless package, along with authentic Angus breed character and perfect feet." Exclusive Australian semen rights were purchased by Killain Angus in 2023, the first calves arrived in 2025 and have not disappointed.

KILLAIN TERMS AND CONDITIONS

Terms and Conditions

All pregnant stud HBR females, recipients and commercial females will be guaranteed pregnant at the time of sale. All HBR heifers and recipient females were pregnancy tested in calf on 11.01.2026 by Ed Hordern, Repro Hub, Woodstock. We have done everything possible to ensure delivery of a live calf. Whilst not liable, in the unlikely event that things don't eventuate as described, do let us know. Any loss of pregnancy after the fall of the hammer is the buyer's responsibility but all care will be taken by the vendors prior to the females leaving Killain Angus. We recommend that all females be insured at the purchaser's expense at the fall of the hammer. Insurance will be available from the selling agents at the sale.

Killain Emblynette 106 V62 (50% Lifetime Embryo Only Interest - (No Possession))

The successful purchaser of the 50% Lifetime Embryo Only Interest (No Possession) in Killain Emblynette 106 V62 will be guaranteed one flush every year of Killain Emblynette 106 V62 for her production life. The IVF flushes will be undertaken on farm at Killain Angus by Ed Hordern, Repro Hub. Killain Angus will guarantee five (5) IVF Grade 1 embryos from the once a year flush, and if not achieved in the purchaser's flush, if possible a second flush will be offered, or other embryos (of equal or greater value) will be offered by the Vendor to make a total of five (5). If the purchaser achieves more than five (5) Grade 1 embryos in any flush then all the embryos belong to the purchaser. Embryo production guarantee will be honoured, either by selection of another female (of equal or greater value) if embryos cannot be made from Killain Emblynette 106 V62, for a maximum of five (5) years. The purchaser will have access to the entire Killain Angus sire battery at the time of each flush or can utilise another bull of their choice. The vendor, Killain Angus, will be responsible for the day to day management costs of Killain Emblynette 106 V62. The purchaser will be responsible for all their flushing costs and will have 100% ownership of the embryos resulting from their flush. Dispatch, handling, shipping and insurance of the resulting embryos from Repro Hub (Woodstock), are at the cost of the purchaser.

Recipients

The recipient for Lot 11 is a commercial bred female. The recipients for Lot 12, 13 and 14 are all APR registered. The recipient for Lot 14 has the option to become HBR registered at the purchasers discretion and expense.

Embryos

All embryos are IVF embryos, Vytelle and Trans Ova, and we offer a guarantee as follows: Package of 3 embryos 1 in 3 (30%), Package of 4 embryos 2 in 4 (50%), Package of 5 embryos 2 in 5 (40%), Package of 6 embryos 2 in 6 (30%)

and Package of 7 embryos 3 in 7 (43%) pregnancy rate on all embryos using a mutually agreed technician to implant them and implanted within 12 months of the sale date (12 March 2027). It is our experience that higher rates can be obtained with solid recipient management and by using a skilled certified technician. Embryo pregnancy guarantees will be honoured with embryos from the same mating (if available) of equal or greater value or from another mutually agreed mating. Dispatch, handling, shipping and insurance are at the cost of the purchaser.

The exact location of each specific lot is noted in the catalogue under each lot number. Buyer instruction slips must be completed post sale and dispatch will be coordinated by the vendor. No verbal instructions will be accepted.

Embryos are stored at two locations:

People entering upon this property for any purpose whatsoever, including attendance of cattle auctions, do so at their own risk. We are not liable to you for personal injury or death suffered by you and/or for the theft, loss or damage to any person, property caused or contributed to by us or by any other person whether caused or contributed to by our or their negligence, deliberate act or unlawful conduct. "We", "Us" or "Our" refer to the owners, their employees, contractors or agents and each of them.

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

Expected average progeny values are provided in this catalogue to assist breeders estimate the outcome of Particular mating combinations. The actual Trans Tasman Angus Cattle Evaluation EBVs for any progeny resulting from a particular mating are likely to vary from the expected average values.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
(c) A buyer is bound by these terms and conditions by bidding at auction.
2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
(b) When used in these terms the expressions "company animals" means all animals originating from a property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
3. The following applies in interpreting these terms and conditions:
(a) The following words have the following meanings:
Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent.
Livestock means animals auctioned pursuant to these terms and conditions; and
Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions
(i) plus any fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
(ii) plus any GST added in accordance with clause 12.
(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interests of the vendor and need not give reasons for doing so.
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
(a) the purchaser's name; or
(b) the bid card number which identifies the purchaser; or
(c) the name of the person on whose behalf the successful bid was made; and
(d) the Property Identification Code (known as the "PIC") of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
13. The vendor warrants that the:
(a) vendor has (or will have) the right to sell the livestock at the time of delivery; and
(b) buyer will obtain title on completion of the buyer's obligation under these terms and conditions.
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
16. No person may buy unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
17. (a) Cattle sold on a live/weight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
(b) Cattle sold on a live/weight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
(c) All livestock other than cattle sold on a live/weight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
(i) delivery is taken by a representative of the buyer;
(ii) departure of the animal from the purchaser's delivery pen; or
(iii) one hour after the last animal is:
a. in the case of pre-sale weighing, sold; or
b. in the case of post-sale weighing, weighed.
(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
19. (a) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.
20. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.
(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be

21. The buyer agrees that:
(a) clause 20 creates a registrable security interest under the personal Property Securities Act 2009 (PPSA);
(b) the buyer acknowledges the rights of the vendor (and/or the agent is clause 23 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
(c) the livestock are collateral for the purpose of the PPSA;
(d) to the extent permitted, the buyer waives any right the buyer has under the PPSA to receive notices;
(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to these terms and conditions; and
(f) if payment is not made in accordance with clause 15, but delivery is made to, or possession obtained by, the buyer or its representative, interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.
22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
- 23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.
- 23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.
- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
- 23.4. Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.
- 23.5. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
- 23.6. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
- 23.7. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
(a) do at any time and in any manner that the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
- 23.8. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
- 23.9. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
(a) by this clause 23, other than as it expressly provides; or
(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
- 23.10. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.
(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and treat livestock in accordance with any other or additional requirements of animal welfare legislation specific to the State or States in which livestock are consigned, managed, received, transported and treated in the course of the auction process.

CHAPTER THREE -

VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are

- slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
(a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to Federal Government Department of Agriculture, Fisheries and Forestry);
(b) are of merchantable quality;
(c) carry an NLIS device in accordance with State law;
(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the National Vendor Declaration, the livestock will have those characteristics or will be fit for the particular purpose or market; and
(e) all information in any National Vendor Declaration provided by the vendor is true, complete and correct in all material respects.
28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.
29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:
(a) the buyer will be entitled to delay payment for the price of all livestock in that lot; or
(b) the vendor has the option, at the vendor's cost, of collecting the companion animals and returning them to the vendor's property; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
(a) any error, by the auctioneer, of transcription of information from the National Vendor Declaration completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach which the agent knew of such breach prior to the sale; and
(c) any failure by the auctioneer to disclose prior to bidding, and in the pre-sale catalogue, that the vendor has failed to provide a National Vendor Declaration that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by the relevant government department. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the certificate issued by the relevant government department, existed prior to the fall of the hammer.
35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
(a) a certificate is issued by the relevant government department which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
(b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and
(c) if the condemnation is due to chemical residue the certificate follows testing in a laboratory approved by the relevant government department which establishes maximum residue limits in excess of the Australian limit.
37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:
(a) bruising;
(b) fever;
(c) partial condemnation, or
(d) emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY STATE LEGISLATION

NSW Legislation

Property, Stock and Business Agents Act 2002 Warnings
Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:
(i) to abstain from bidding; or
(ii) to bid to a limited extent only; or
(iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices.

The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmanian Legislation

The auctioneer must not appear to acknowledge a dummy bid. A buyer must not give, agree to give or offer a gift or other consideration to a person for abstaining from bidding and a person must not accept any gift or consideration for abstaining from bidding.

A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or to do any other thing which may prevent free and open competition.

Western Australian Legislation - Auction Sales Act 1973 31 NOTICE

It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of an actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.

NOTES

Angus Australia Disclaimer and Privacy Information

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Expected Average Progeny Values (Mating Predictor)

Expected average progeny values are provided to assist breeders estimate the outcome of particular mating combinations. The actual EBVs for any individual progeny resulting from a particular mating are likely to vary from the expected average values.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV: both parents have been verified by DNA.

SV: the sire has been verified by DNA.

DV: the dam has been verified by DNA.

#: DNA verification has not been conducted.

E: DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

Buyers option to opt out of disclosing personal information to Angus Australia

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents _____

from member _____ (name) do not consent to Angus Australia using my name address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Authorised Name: _____ Signature: _____

Date: _____

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350
